

ENGINEERED SEALING & GUIDING SOLUTIONS TO HELP YOU **WIN!**

Repack-S[®]

ALL YOU EXPECT
IN SEALING EXPERTISE

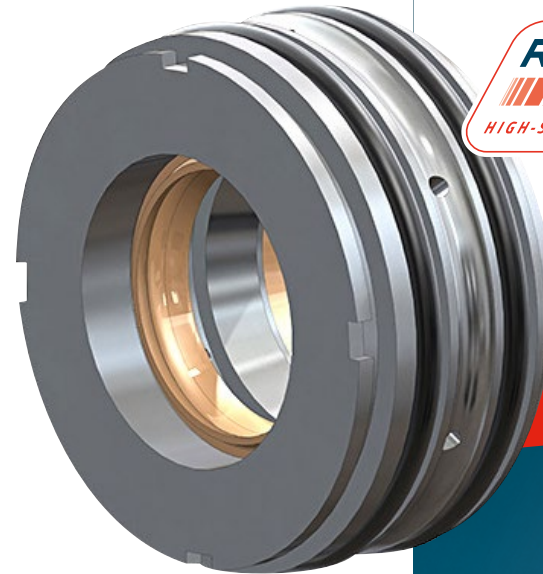

ENGINEERING EXCELLENCE IN SEALING SOLUTIONS

FROM THE HEART OF BURGUNDY (FRANCE)

Repack-S is a sealing system and self-lubricating bearing solution specialist with unrivalled experience in all top motorsport racing categories, on 2 or 4 wheels, whether they are petrol, battery powered... or both.

We meticulously engineer, manufacture and test the solutions we create to ensure full satisfaction of our customers who rely on our expertise to help them win on-road and off-road races.

Other Repack-S famous brands:

DANA WING[®] PATENTED

DANA FLEX[®] DANA CAP[®]

DANA GLIDE[®] DANA ROTO[®]

DANA STEP[®] REPOT[®]

WE ARE PASSIONATE ABOUT HELPING OUR CUSTOMERS **WIN!**

Close cooperation with our customers allows our engineers to create low-friction solutions that help:

- ✓ Reduce power losses
- ✓ Improve response times
- ✓ Reduce heat build-up
- ✓ Suppress tiring high-frequency vibrations

Repack-S rely on experience, analytical tools and material technologies to offer solutions for:

- ✓ High rotary or linear speeds
- ✓ Fast ramping accelerations
- ✓ High operating temperatures
- ✓ High pulsing pressures
- ✓ Starved lubrication conditions

Performance without reliability can be disastrous. Repack-S have a dedicated laboratory for:

- ✓ Testing existing solutions
- ✓ Benchmarking them against new ones
- ✓ Characterising their performance & wear

TYPICAL APPLICATIONS INCLUDE:

IC engines
(crankshaft, pneumatic valve trains)

Combined power units
(inc. ERS)

**Oil pumps
& water cooling pumps**

**Clutches
& sequential gearboxes**

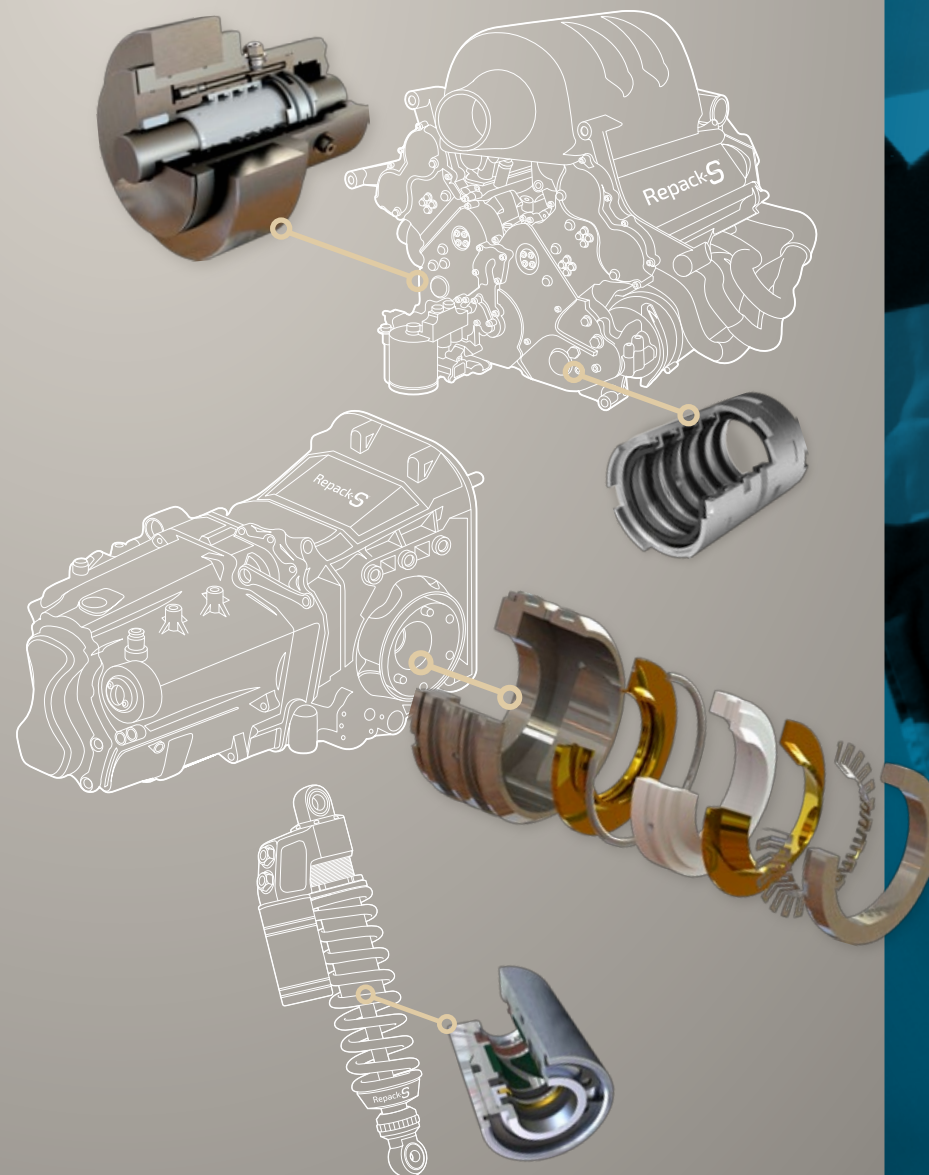

**Transmission
with adjustable LSD**

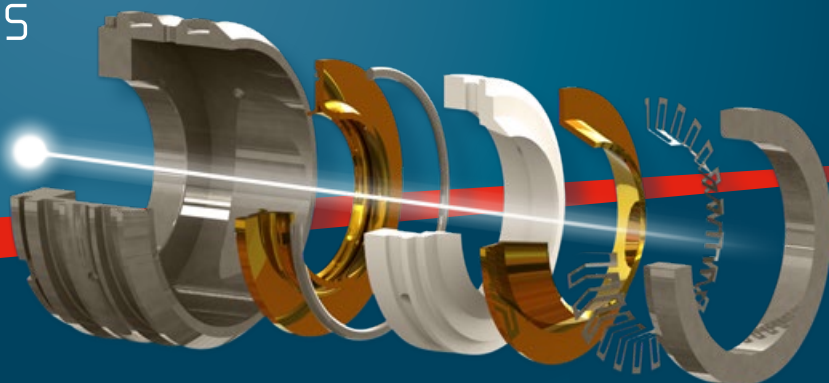

**Coil-over shocks
& suspension forks**

Steering racks

REPACK-S STRIVE TO BE
THE BEST PARTNER SO
OUR CUSTOMERS ALWAYS
***STAY ONE STEP AHEAD
OF THE COMPETITION.***

Winning takes passion, dedication, attention to detail,
perseverance and a relentless drive to improve.

**Engineering excellence, quality, flexibility and
reactivity are at the very heart of our organisation!**
